Agenda Item Request

Regional Code Enforcement and Human Resources services

Background and Purpose of Request

Staff have received a few inquiries from towns interested in regional code enforcement and human resources services. To gauge the full interest of all the towns, staff have sent our surveys to town/city managers seeking their input. These surveys are on-going and we hope to share some of the results at the workshop.

Staff would like to have a discussion with the Commissioners on providing one or both of the services and how the programs would operate and be funded.
